

HELP THROUGH CRISIS PROJECT FRAMEWORK

PROJECT DEVELOPMENT PARTNER PANEL

DP = Delivery Partners

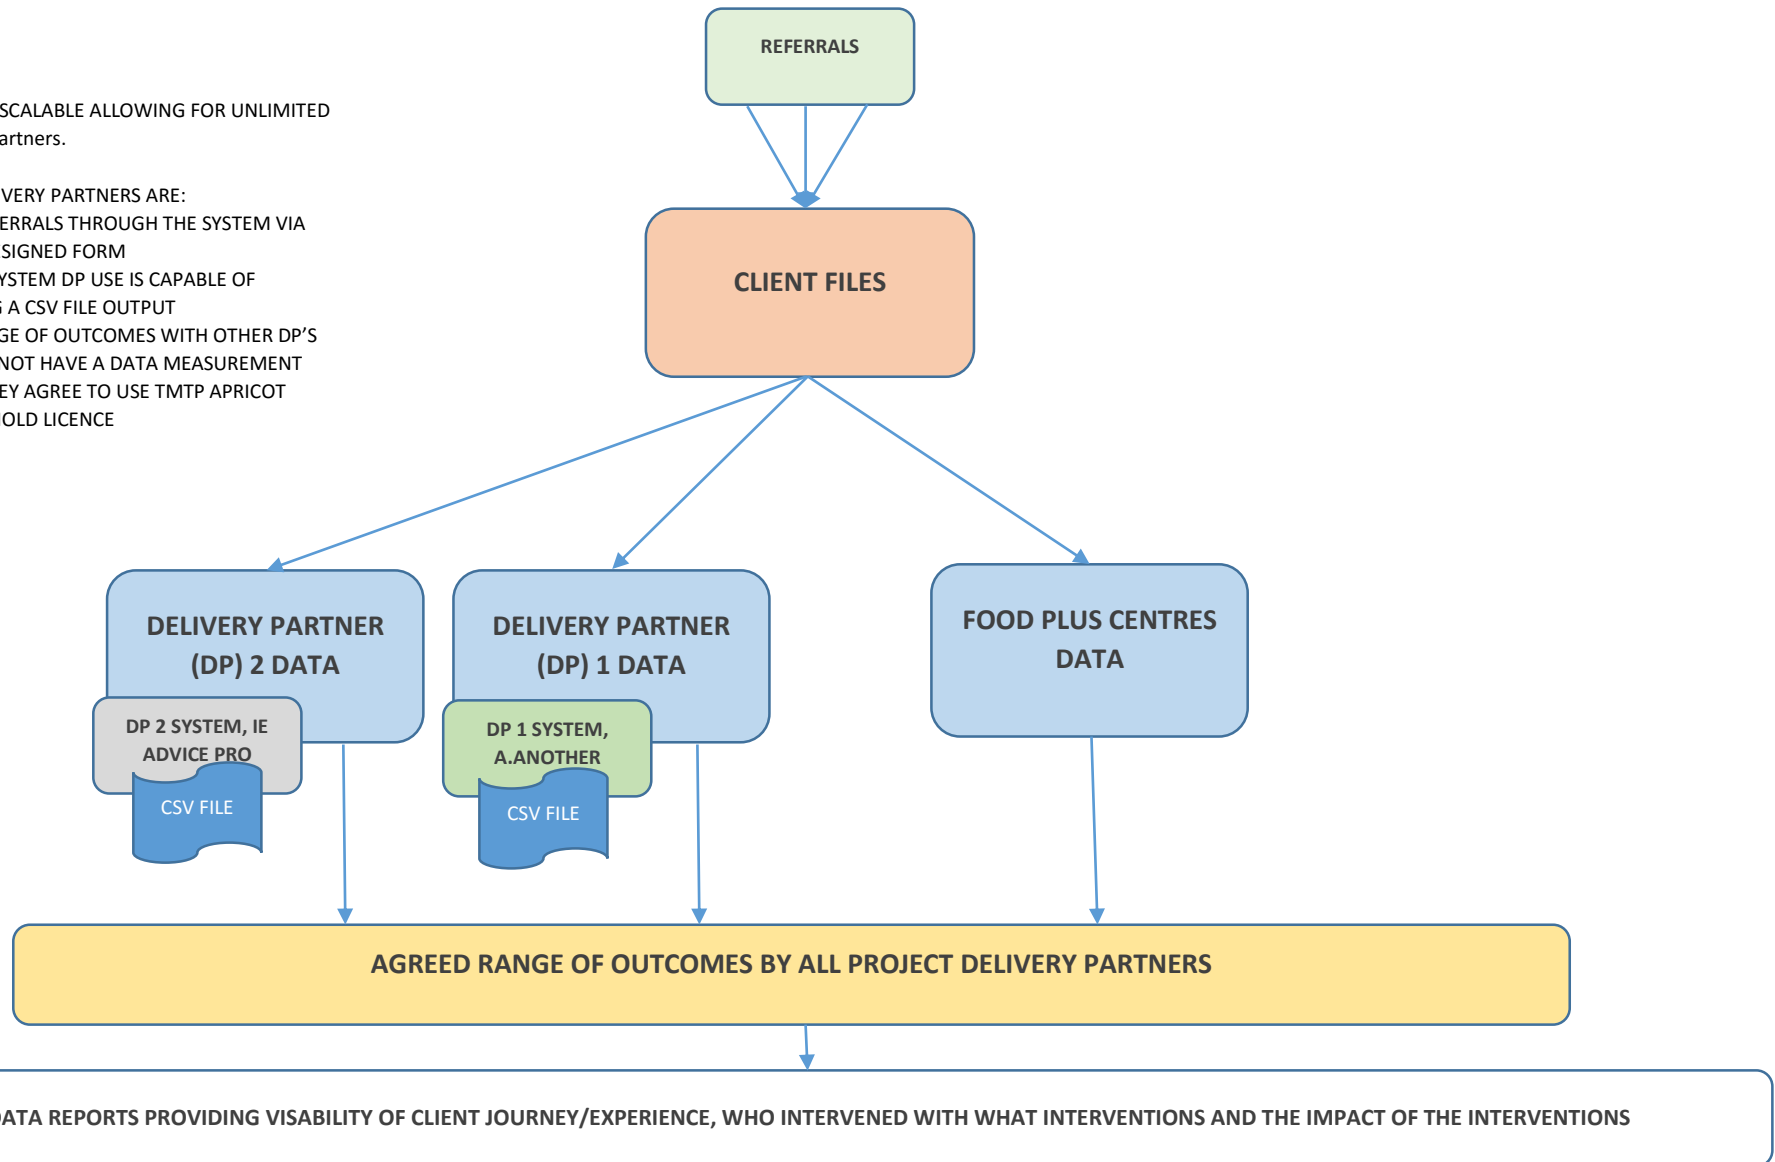

Client referral is not signposting but rather a definite handover with monitor and feedback built in

TMTP OUTCOMES MEASUREMENT SOFTWARE SYSTEM (<http://www.gallerypartnership.co.uk/apricot/outcomes-measurement>)

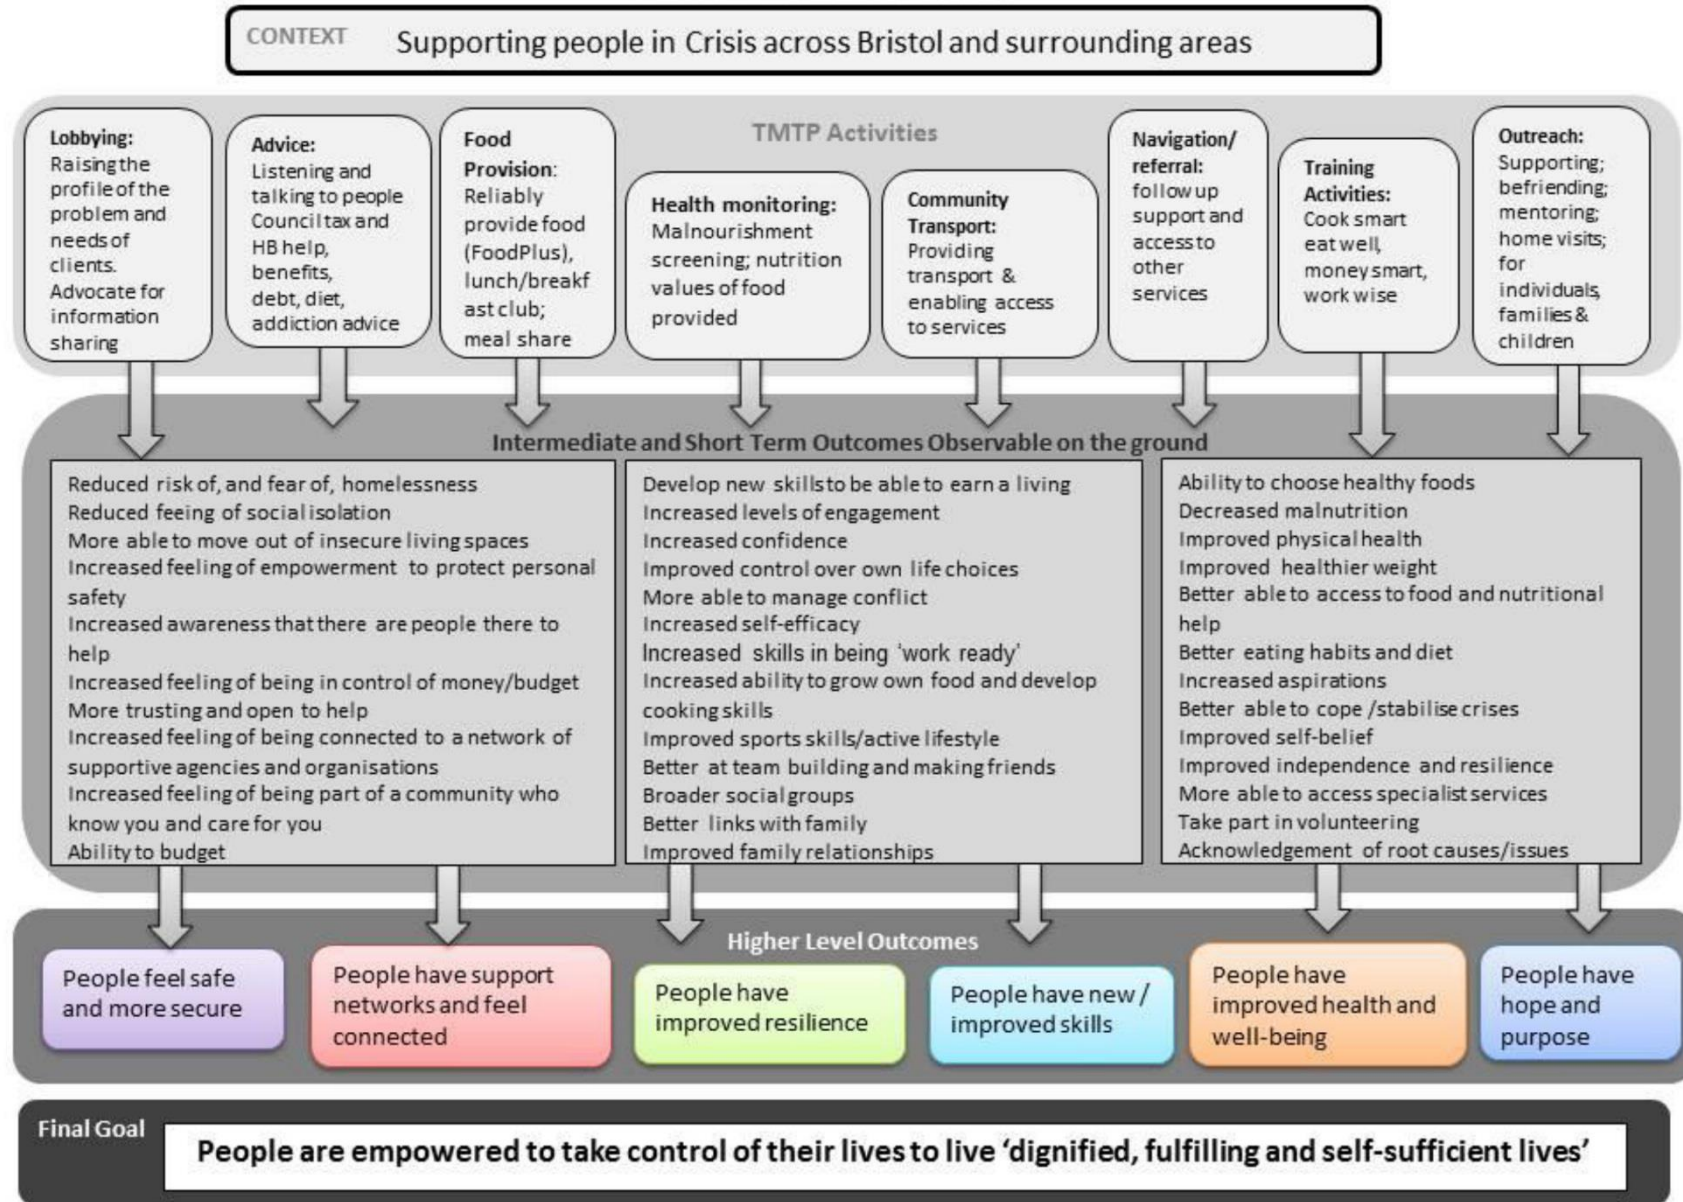

NOTE:
APRICOT SYSTEM IS UPSCALABLE ALLOWING FOR UNLIMITED NUMBER OF Delivery Partners.

REQUIREMENT OF DELIVERY PARTNERS ARE:

1. ACCEPT REFERRALS THROUGH THE SYSTEM VIA CUSTOM DESIGNED FORM
2. THE DATA SYSTEM DP USE IS CAPABLE OF PRODUCING A CSV FILE OUTPUT
3. AGREE RANGE OF OUTCOMES WITH OTHER DP'S
4. IF DP DOES NOT HAVE A DATA MEASUREMENT SYSTEM, THEY AGREE TO USE TMTP APRICOT SYSTEM & HOLD LICENCE

The Matthew Tree Project ToC

Social Impact Measurement Framework

Strategic Purpose of Framework

Proving our activities meet our mission

People have support networks and feel connected

People have new or improved skills

People have improved health and well-being

People have improved resilience

People have hope and a purpose

Critical Processes

Referrals in and out

Base line assessment

Food records

Partner experience

Continued monitoring

Feedback loop

Shared data & resources

Organisation Measurement Tools

- Internal base line and continued monitoring questionnaires
- Interviews
- Case studies
- Focus groups
- Food records
- Service evaluation

Specialist Database

Additional tools and continued assessment

TMTP will use continued ongoing assessments to monitor participants' progress throughout their journey and seek additional assessment tools that are most appropriate for the participant and their goals

TMTP will work with partner organisations and national bodies to support good practice in delivering effective interventions.
